Not illustrated. 1901-01-01 Excerpt: .the present writing the tunnel itself has been constructed, the ends of the long section at the corners being left open for the insertion of the pipe. These openings will be bricked up later. The cost of the tunnel, including excavation, brick work, cement work, drain tile, iron columns, wooden brick and back filling was \$3,300.00, approximately \$7.00 per foot. The installing of the pipe, including steam, return, compressed air, and vacuum pipes and the hangers therefor and including the lighting of the tunnel itself is now in progress and will cost \$i,300.00, or about \$3.90 per foot complete. The total cost therefore for the whole construction will probably be about \$11.00 per foot, in comparing the cost of this construction with others frequently used it will be noticed that the same is quite high, but on the other hand it is expected that the construction,...
