Finding your better half and living happily ever after is an objective that many people have thought about since childhood. Sometimes, however, there are quite a few obstacles that hinder us from achieving success in a partnership. We seek to satisfy the need to love and to feel loved in return, to enjoy our sexuality, to share common goals, to have a daily routine, to grow old together, and to tackle the future arm in arm. This vital interaction requires that we dedicate our efforts to continuously develop and improve the relationship. Two professional psychologists and therapists join forces here to share their experiences and advice for living happily ever after. Reflections, practical exercises, real-life scenarios, therapeutic cases, and other illustrative examples fill this book. Topics covered include different roles within a couple, sexuality, communication, how the economy can affect a relationship, and how to support each other. Start strengthening your bond with your partner today.
