Slavery and the Civil War-what is the connection, and does it matter? From the view point of the book in your hands, the connection is absolute and it matters greatly. Steppingstones to the Civil War invites readers to revisit American history, especially those believing that the devastation costing 600,000 lives (think on that figure) and shaking to the foundations the American experiment was at root about states rights, economy and Northern imperialism and only incidentally about slavery. As the chapters on John Calhoun, Alexander Stephens, Jefferson Davis and the Commissioners from the first seven seceding states (marshalling their strongest arguments to convince other slaveholding states to join the Confederacy) attest, Southern politicians, before the war broke out, proudly and defiantly agreed that the bone of contention, the states right, the institution worth fighting over even if it meant the dissolution of the Union, was slavery and the racial and economic order it established and perpetuated. As soon as the fighting was over, however, in order to salvage Southern honor and effect reconciliation between once-warring whites, a different story was constructed: the cause though lost was in fact noble since primarily about independence, states rights, and justifiable protection of hearth and home against invasion. This denial of slavery's centrality not only distorts history but, for those whose ancestors were so long abused, literally adds insult to injury. If there is ever to be genuine healing between the races in this country, it will begin with facing and accepting painful truth, which alone can set us free. The cancer infecting the vitals of America, compromised into its very founding in order that there could be an America, despite inspiring...
